Trade-marks Journal

Vol. 65 No. 3312

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

SISU

Goods

(1) Perfumery and fragrances; Oral hygiene preparations, namely toothpaste, mouthwash and dentifrices; Body cleaning and beauty care preparations, namely body wash, body soaps, body scrubs, body cleansers, body and beauty care cosmetics and beauty creams for body care; Cleaning and fragrancing preparations, namely cosmetic cleansing creams, facial and skin cleansers, cleansing milks, fragrance sachets and room fragrancing preparations; Shower gels; bath soap; bath foam.

(2) Video disks and video tapes with recorded animated cartoons; Downloadable audio recordings featuring radio programs, music and radio podcasts; Downloadable audio visual recordings, namely animations and television programs; Digital music downloadable provided from a computer database and the internet; Downloadable electronic publications, namely magazines, books and maps; Cinematographic films; Pre-recorded audio tapes; Holographic images, namely photographs and drawings; Recorded discs containing images, namely photographs and drawings; Downloadable graphics for mobile phones; Downloadable music; Downloadable music files; Downloadable music videos; Talking books; phonograph records; Recorded discs containing radio programs, music and radio podcasts; pre-recorded CDs and DVDs containing music; pre-recorded CDs and DVDs containing magazines, books and maps; Downloadable radio podcasts; Electronic publications recorded on computer media, namely magazines, books and maps; computer games and interactive multimedia computer games; Software, namely software applications for mobile devices featuring video games and featuring maps for marine navigation; Databases (electronic), namely electronic databases containing information in the field of marine navigation, maritime transport, marine transport and marine traffic and routes recorded on computer media; computer video games downloaded via the internet; downloadable electronic games; downloadable computer games; downloadable video games; software programs for creating video games; video game cartridges; computer game cartridges and CDs containing computer games; Computer games; Video games; Computer programmes stored in digital form for use in planning, analyzing and carrying out icebreaking, maritime transport, marine transport and maritime safety; Computer software downloaded from the internet for use in planning, analyzing and carrying out icebreaking, maritime transport, marine transport and maritime safety; blank magnetic discs, blank CDs, blank DVDs, blank digital audio discs, blank hard discs, blank magnetic discs and blank optical discs; sun glasses; cases for spectacles and sunglasses; reflective safety bands to be worn on the body; bags, cases and sleeves for storing and carrying telephones, computers, mp3 players, cd-players,

dvd players, headphones, cameras and video game machines; mouse mats; USB flash drives; covers for mobile phones, portable computers and tablets.

(3) Icebreaking marine vessels; seacraft, namely boats and ships; vessels in the form of boats and ships.

(4) Paper, cardboard; photographs; stationery, namely glue, planners, protractors, adhesive tapes, staplers, staples; packing paper, wrapping paper and packaging containers made of cardboard and packaging material made of starches; cardboard boxes; paper bags; envelopes; scrapbooks, photographic albums; books, notebooks, story books, activity books, comic strips, colouring books, children's activity books; comic magazines; educational printed publications and printed educational materials, namely books, brochures and newsletters relating to icebreaking, marine navigation, maritime transport, marine transport, maritime safety and cargo handling; greeting cards; calendars; tissues of paper; table napkins of paper; paper table linens; coasters made of cardboard; pens; penholders; rulers; desk pads; drawing materials and instruments, namely drawing boards, drawing compasses, drawing pens and pencils, drawing paper, drawing pads, drawing pins, drawing rulers and drawing squares; writing instruments and writing stationery; pencil cases and boxes; rubber erasers; writing pads and note pads, books; postcards; posters; occasion cards; bookends; bookmarkers; flags, namely paper flags; signboards of paper and cardboard; gift packaging material made of paper, gift wraps and gift wrap paper; stickers [stationery]; decorations and ornaments made of paper; periodicals; printed publications, namely books, magazines, maps, brochures, pamphlets and calendars; pastel crayons; colour pencil sets; document portfolios; file folders; toilet paper and kitchen paper towels.

(5) Umbrellas and parasols; shoulder belts; collars, leads and harnesses for pets.

(6) Household and kitchen utensils and containers, namely beverage containers, food storage containers, containers for ice and thermal insulated containers for food and beverage; hair combs, bath sponges and all-purpose scouring sponges; brushes, namely clothes brushes, cosmetic brushes, dishwashing brushes, hair brushes, lint brushes, make-up brushes, pastry brushes, shaving brushes and shoe brushes; mugs; oil bottles, perfume bottles, plastic bottles, water bottles and vacuum bottles; statues of china and glass; disposable cups, plates and bowls, and disposable food and beverage containers; cutlery trays and serving trays; plates, bowls; beverage glassware; candlesticks; storage jars; piggy banks; works of art made of glass; toothbrushes and toothbrush holders; cosmetic and toilet utensils and bathroom articles, namely cosmetic brushes; goblets and vases; gardening articles, namely gloves; bottle openers.

(7) Fabrics for textile use; bed linen; table cloths; blankets, pillowcases; duvet covers; curtains; handkerchiefs of textile; bath, face and hand towels; bed sheets, bed covers; shower curtains; cushion covers; sitting mats of fabric; textile napkins; place mats; tea towels; dishcloths; throws; flags, namely flags of textile and plastic.

(8) Boots; slippers; sport shoes; sandals; masquerade costumes; costumes for use in children's dress-up play.

(9) Games and playthings, namely card games, parlour games, party games, board games, and action skill games; decorations for christmas trees; stuffed toys, baby toys, bath toys, beach toys, educational toys, musical toys, ride-on toys; children's multiple activity toys; board games; electronic educational games designed for children; hand-held electronic games; computer game consoles and joysticks; fishing equipment, namely fishing reels and rods, fishing tackle, fishing flies, artificial fishing baits, fishing lines, fishing lures; play balloons and toy balloons;; jigsaw puzzles; dolls; fairground and playground apparatus, namely seesaws, swing sets, playhouses, sandboxes, slides, tubes and ladders; playing cards; festive decorations, namely streamers, banners and balloons; nine men's morris game sets; toy action figurines; arcade game machines

and home video game machines; inflatable swimming pools for recreational use [toys]; electric action toys; swimming equipment, namely children's inflatable swimming pools, swimming flippers, inflatable swimming floats, floats for swimming, swim fins, swimming boards and swimming rings; video game apparatus, namely video game machines, consoles and controllers for video game consoles.

SERVICES

(1) Harbour construction services.

(2) Ice breaking for the shipping industry; harbour crane unloading.

(3) Education and providing of training relating to icebreaking, marine navigation, maritime transport, marine transport, maritime safety and cargo handling; entertainment in the fields of organizing and presenting live performances by musical bands, singers and entertainers, namely comedians and magicians, dance performances and performances featuring live dancing and music; organizing, promoting via websites, e-mails and social media platforms, and carrying out sporting events in the field of ice fishing, ice swimming, skating, skiing, downhill skiing, snowboarding and cultural activities in the field of musical concerts, art, trade shows and other exhibitions in the field of icebreaking, maritime transport, marine transport and maritime safety, plays and dramatic performances and conferences in the field of icebreaking, maritime transport, marine transport and maritime safety; providing on-line non-downloadable electronic publications, namely magazines, maps and blog posts; Publishing of stories; Publication of printed matter, namely magazines, books, maps, brochures, pamphlets and calendars; distributing electronic publications, namely, magazines, books, maps, brochures and newsletters; production and distribution of cinematographic films, animations, animated cartoons and of television programs; organizing parties and events; production of music; production of plays; provision of online computer games; amusement and theme park services; fan club services in the fields of sports and entertainment, namely organizing and staging social events for fan club members, promoting the interest and participation of fan club members and providing an online community forum for fan club members.

Goods

Class 06

(1) Irons and steels; Metal materials for building and construction, namely, chimney shafts of metal, stair treads of metal, fasteners for casement windows of metal, guard rails of metal, wall linings of metal, pilings of metal, gratings of metal, fences of metal, shutters of metal, water pipes of metal, tiles of metal, steel frames for building, metal shelving boards, hinges of metal, handrails of metal, gabions of steel wire, ceiling boards of metal, ceiling decorations of metal, namely, decorative ceiling tiles and panels, decorative ceiling borders and decorative ceiling medallions; Paint spraying booths of metal; Metal moulds for forming cement products; Metal pulleys, springs and valves [not including machine elements], namely, non-machine element metal pulleys, springs and valves; Metal junctions for pipes; Metal flanges; Keys [mechanical element]; Cotter pins; Metal hardware, namely, nails, wedges and pegs of metal, screws, tacks of metal, cut nails, casters of metal, nuts of metal; metal fixtures, namely, wire rope sockets and threaded studs to secure ropes for use with swimming pools; metal hardware, namely, plugs, bolts of metal, rivets, washers of metal; metal security lock cylinders; metal sealing, key and retaining rings; metal snap rings, screw rings, ring-shaped fittings of metal; metal rings for use in home décor, namely, metal curtain rings; metal rings being part of metal closures for containers, rings of metal for keys; chains of metal; washers of metal for machinery; metal padlocks; Industrial packaging containers of metal; Metal stepladders and ladders; Tool boxes of metal (empty).

Class 07

(2) Metalworking machines and tools; chemical processing machines and apparatus, namely, presses, agitating machines, drying machines, absorbing machines, adsorbing machines, chemicals mixing machines, chemicals blending machines, dust collecting machines, sintering machines, calcining machines, cleaning apparatus, sorting machines, granulating machines, extracting machines, emulsifying machines, kneading machines, roasting machines, disintegrators, reaction vessels, partial condensers, separating machines, grinding mills, dissolving machines, filtering machines; plastic processing machines and apparatus, namely, compression moulding machines, extrusion moulding machines, injection moulding machines, plastic moulds; semiconductor manufacturing machines and systems, namely, wafer fabrication equipment, namely, oxidation systems, epitaxial reactors, diffusion systems, ion implantation equipment, physical vapor deposition systems, chemical vapor deposition systems, photolithography equipment, and etching equipment assembly equipment, namely, wafer backgrind systems, wafer saw equipment, die attach machines, wirebonders, die overcoat systems, molding equipment, hermetic sealing equipment, metal can welders, DTFS machines, branding equipment, and lead finish equipment, test equipment, namely, electrical testers, test handlers, tape and reel equipment, marking equipment, burn-in ovens, retention bake ovens, UV erase equipment, vacuum sealers; non-electric prime movers not for land vehicles, namely, internal combustion engines, gasoline engines, mufflers for motors and engines, diesel engines, sparking plugs, kerosene engines, steam engines, steam marine engines, steam land engines, jet engines, turbojet engines, turboprop engines, ramjet engines, rocket engines, turbines, namely, gas turbines, air turbines, steam turbines, hydraulic turbines, compressed air engines, nuclear prime movers; Machines elements not for land vehicles, namely, shaft couplings, crank shafts, cam shafts, loom shafts, axles for machines, axles for industrial machinery, spring shock absorbers for machines, bearing brackets for machines, bearing housings for machines, bearing inserts for machines, machine coupling and belting, torque converters; machine bearings; power transmissions and gearing for machines not for land vehicles, namely, idling pulleys, machine pulleys, belt pulleys, cams, transmission gears for industrial machinery, namely, reversing gears, reduction gears, speed change gears, hydraulic accumulators, hydraulic intensifiers, power transmission belts, toothed wheels, toothed gears, machine couplings, namely, fluid couplings, hydraulic torque converters, links, roller chains; shock absorbers for industrial machinery, namely, pneumatic shock absorbers, spring shock absorbers, spring-assisted hydraulic shock absorbers; brakes for industrial machinery, namely, cone brakes, disc brakes, band brakes, bock brakes; valves for industrial machinery, namely, angle valves, ball valves, cocks, automatic control valves, butterfly valves; loading-unloading machines and apparatus, namely, cranes, cable cranes, self-travelling cranes, jib cranes, overhead travelling cranes, tower cranes, gantry cranes, floating cranes, locomotive cranes, derricks, namely, cargo lifting derricks, oil well derricks, unloaders, conveyors, pneumatic conveyors, hydraulic conveyors, screw conveyors, chain conveyors, belt conveyors, roller conveyors, bucket elevators, hoisting and winding gears, winches, windlasses, capstans not for ships and boots, chain blocks, hoists, namely, automotive hoists, moving pavement, namely, sidewalks, escalators, elevators, power jacks, unloading hoppers, automatic warehousing systems; lumbering, machines and apparatus, namely, lumbering band saws, chain saws, saw-tooth setting machines, woodworking machines and apparatus, namely, special sawing machines, circular saws, wooden-clog shaping machines, sanding machines, tenoning machines, wood planing machines, wood lathes, wood milling machines, wood drilling machines, wood sawing machines, woodworking saw-tooth setting machines, veneer machines namely, veneer manufacturing machines, plywood machines and apparatus, namely, plywood finishing machines, plywood drying machines, plywood presses, plywood clipping machines, plywood jointing machines, plywood gluing machines; painting machines and apparatus, namely, paint spray guns; packaging and wrapping machines and apparatus, namely, packing machines, strapping

machines, sheaf-binding machines, sealing machines, wrapping machines; machines and apparatus for manufacturing rubber goods, namely, rubber vulcanizing apparatus, rubber mixing machines, rubber forming machines, rubber mixing rolls, rubber moulds; starters for motors and engines; electric motors for machines, namely, alternative current motors and direct current motors, components of alternative current motors and direct current motors; AC generators, namely, alternators; DC generators; dynamo brushes; pulp making, papermaking and paper-working machines and apparatus, namely, pulp making machines, wood grinding machines, wood chipping machines, barking machines, pulping machines, wood beating machines, pulp refining machines, papermaking machines, paper calendering machines, paper coating machines, paper cutting machines, drier part units of papermaking machines, press part units of papermaking machines, paper reeling machines, wire part units of papermaking machines, paper-working machines and apparatus, corrugated paperboard making machines, paper box making machines, paper bag making machines; printing and bookbinding machines and apparatus, namely, intaglio printing machines, typecasting machines, photogravure printing presses, matrices for use in printing, boxes for matrices for printing, phototypesetting and composing machines, photo-engraving machines, bookbinding machines, typographic presses, namely, letterpress, planographic printing machines; pneumatic and hydraulic machines and instruments, namely, pumps, namely, centrifugal pumps, reciprocating pumps, rotary pumps, axial flow pumps, mixed flow pumps, vacuum pumps, reciprocating vacuum pumps, rotary vacuum pumps, diffusion pumps, blowers, namely, centrifugal blowers, rotary blowers, axial flow blowers, turbo blowers, compressors, namely, centrifugal compressors, reciprocating compressors, rotary compressors, axial flow compressors, turbocompressors; waste compacting machines; waste crushing machines; food and beverage processing machines and apparatus namely; cereal processing machines and apparatus, barley press rollers, confectionery making machines, bakery mixing machines, flour mills, rice and barley , polishing machines, noodle making machines, barley splitting machines, brewing and fermenting machines and apparatus, sake-straining bags for brewing, brewing machines and apparatus, soy sauce making machines and apparatus, miso making machines and apparatus, ice cream making machines, milk homogenizing machines, cheese making machines, butter machines, powdered milk making machines, condensed milk making machines, meat processing machines and apparatus, sausage machines, meat mincers, fishery product processing machines and apparatus, machines for flaking dried fish meat namely Kezuri-bushi making machines, edible kelp processing machines, fish paste making machines, canning machines, root slicing machines, soda-pop making machines, tea processing machines, sugar making machines, oil processing machines, bottling machines, mineral water making machines, vegetable grating machines.

Class 08

(3) Bladed and pointed hand tools other than swords; hand tools other than carpenters, inkpots, razor strops, sharpening steels and whetstones tweezers; hand-held braiders.

Class 09

(4) Power distribution and control machines and apparatus, namely, electric switches, electric relays, circuit breakers, power controllers, current rectifiers, electric connectors, electric circuit closers, electric capacitors, electric resistors, local switches, power distributing boxes, plug boards, fuses for electric current, lightning arresters, electric transformers, induction voltage regulators, electric reactors, phase modifiers; rotary converters; electric wires and cables; telecommunication devices and apparatus, namely, automatic switching apparatus and manual switching apparatus, namely, switching hub, cut-out switches, Ethernet switches, light switches, power switches, touch sensitive switches, current converters, electrical converters, electrical connectors for power converters, Ethernet adapters, cable connectors; wire communication machines and apparatus,

namely, teletypewriters, automatic telegraph apparatus, phototelegraphy apparatus, manual telegraph apparatus, repeating exchange machines, facsimile machines; transmission machines and apparatus namely, audio frequency transmission machines and apparatus, cable transmission machines and apparatus, power-line transmission machines and apparatus, open-wire transmission machines and apparatus, repeating machines and apparatus, broadcasting machines and apparatus, television receivers namely, TV sets, television transmitters, radio receivers, radio transmitters, radio communication machines and apparatus namely, portable radio, aeronautical radio, multichannel radio communication machines and apparatus for fixed stations, single-channel radio communication machines and apparatus for fixed stations, vehicular radio communication machines and apparatus, marine radio communication machines and apparatus, radio application machines and apparatus, navigation apparatus for vehicle namely, on-board computers, radio beacon machines and apparatus, radio direction finders, radar machines and apparatus, loran navigation machines and apparatus, remote control telemetering machines and instruments, audio frequency machines and apparatus, public-address systems and instruments, compact disc players, video frequency machines and apparatus namely, digital cameras, video cameras namely, camcorders, videodisc players, videotape recorders, DVD players, DVD recorders, parts and accessories for telecommunication machines and apparatus namely, aerials antennas, cabinets, electric coils loudspeakers, connectors, stands and racks, fuses, electric resistors, change-over switches, plug boards, pickups for telecommunication apparatus, indicator lights, headphones, electrical transformers, protectors and microphones, cleaning apparatus for phonograph records, blank record disks, sprays for phonograph records; temperature indicators, gasometers, thermometers, water meters, balances, tape measures, Japanese style box-shaped volume measure namely, Masu, planimeters, measuring rules, derived-unit measuring machines and apparatus, namely, screw-thread measuring machines and instruments, tachometers, accelerometers, pressure gauges, refractometers, hygrometers, level gauges, densimeters, hydrometers; pressure gauges namely, manometers, level indicators namely, spirit levels, acoustic meters, tachometers, accelerometers, refractometers, luminous flux meters, photometers, altimeters, hygrometers, illuminometers, vibration meters, noisemeters namely, sound-level meters, decibel meters, logs, speed indicators, calorimeters, viscosimeters, concentration meters, gravimeters, densimeters, dynamometers, flowmeters, precision measuring machines and instruments namely, angle gauges, angle dividing apparatus, spherometers, inclinometers, interferometers, straightness testing machines and instruments, profile projectors, graduation checkers namely, calibration checkers, length measuring gauges, screw-thread measuring machines and instruments, non-electronic comparators, surface roughness testing machines and instruments, flatness testing machines and instruments, automatic adjusting and regulating machines and instruments namely, automatic pressure control machines and instruments, automatic liquid-flow control machines and instruments, automatic fluid-composition control machines and instruments, automatic liquid-level control machines and instruments, automatic temperature control machines and instruments, automatic combustion control machines and instruments, automatic vacuum control machines and instruments, automatic calorie control machines and instruments, computer software to monitor and control factory manufacturing processes, namely, program control machines and instruments in the nature of manufacturing process control microprocessor based hardware and software used to monitor the status of industrial machinery, material testing machines and instruments namely, metal compression testing machines, metal hardness testing machines, metal strength testing machines, rubber testing machines, concrete testing machines, cement testing machines, textile testing machines, plastic testing machines, lumber testing machines, surveying machines and instruments namely, alidades, meteorological instruments, base plates for surveying purposes, distance measuring machines and apparatus, namely, range finders, clinometers, tripods for surveying machines, magnetic compasses, surveying compass needles, gyrocompasses, magnetic gyrocompasses, photogrammetric machines, level measuring machines, for surveying purposes, precision theodolites, rod-floats for measuring velocity of water current, surveying chains, targets for levelling rods, transits for surveying purposes, levelling rods for surveying purposes, sextants, astronometric measuring machines and instruments, namely, meridian transit telescopes, astronomical spectrographs, zenith telescopes, electronic charts for identifying hiding-power of paint, thermosensitive temperature indicator strips, test pieces for rust formation testing; electric and magnetic meters and testers, namely, phase indicators, Oscillographs, Circuit testers, Electronic industrial controls for motion failure detectors, Electromagnetic measuring detectors, Magnetometers, Frequency meters, Vacuum tube characteristic testers, Voltmeters, Wavemeters, Ammeters, Wattmeters, Oscillators; electronic machines, apparatus and their parts namely, geiger counters, high frequency welders, cyclotrons not for medical purposes, industrial X-ray machines and apparatus not for medical use, industrial betatrons not for medical use, magnetic prospecting machines, magnetic object detectors, shield cases for magnetic disks, seismic exploration machines and apparatus, hydrophone machines and apparatus, echo sounders, ultrasonic flaw detectors, ultrasonic sensors, electrostatic copying machines; electronic door closing systems, computers, electron microscopes, electronic desk calculators, hard disk drives, word processors, electron tubes, X-rays tubes not for medical use, photo-sensitive tubes namely, phototubes, vacuum tubes, rectifier tubes, cathode ray tubes, discharge tubes, semi-conductor elements, thermistors, diodes, transistors, electronic circuits boards not including those recorded with computer programs, integrated circuits, large scale integrated circuits, general software program, namely, computer programs (cad/cam) recorded on software designed for use in construction and automated manufacturing, computer software for word processing; magnetic cores; resistance wires; electrodes; processed glass not for building purposes, namely, ultraviolet-ray transmitting glass, infrared-ray absorbing glass, lense glass, namely, semi-finished material not for building electric sign boards for displaying target figures, current outputs or the like;
